

Lectures		Student's Tasks	Meetings with the Supervisor		Landmarks
Weeks 14-15 26/1/2026 – 6/2/2026	Introductory Lecture Dr Ammar Alsalka Tuesday 27/1/2026	Meet with your supervisor to choose a suitable project.		Supervisor explains projects and guide you to resources to help you understand projects and choose a suitable one.	
Week 16 9/2/2026 – 13/2/2026	Starting your Project Dr Denise De Pauw Tuesday 10/02/2026	Confirm project choice with supervisor and start preparing a Project Specification Form (PSF) . Prepare Legal Agreement Form with project client (if any).			
Week 17 16/2/2026 – 20/2/2026	Planning Research Projects Professor Eric Atwell Tuesday 17/2/2026	Finish your PSF and discuss with supervisor (and external client, if any) by the end of this week.		Supervisor examines PSF and provides feedback. Agree with client – if any - on PSF and sign legal form.	
Week 18 23/2/2026 – 27/2/2026	Communicating with your Supervisor Dr Denise De Pauw Tuesday 24/2/2026	Submit PSF to Minerva by 27/2/2026 . Start expanding PSF into a Scoping and Planning Document (S&P) .			
Week 19 2/3/2026 – 6/3/2026	Research Ethics and Projects Dr Sophie Goddard Tuesday 3/3/2026	Continue working on S&P document.			
Week 20 9/3/2026 – 13/3/2026	How to Spot Ethical Issues Dr Sophie Goddard Tuesday 10/3/2026	Discuss draft S&P document with your supervisor by the end of this week.		Supervisor examines S&P document and provides feedback. If you need help with English, you may be referred for further support.	
Week 21 16/3/2026 – 20/3/2026	Background Research and Literature Review Dr Denise De Pauw Tuesday 17/3/2026	Submit S&P document to Minerva by 20/3/2026 . This document is now a draft of Chapter 1.			You understand the aim, objectives, and deliverables of the project and have documented these in the PSF and S&P documents. ☐
Week 22 23/3/2026 – 27/3/2026	AI & AI Dr Ammar Alsalka Tuesday 24/3/2026	Work on the project's background research and literature survey.			
Weeks E1-E4 30/3/2026 – 24/4/2026		Continue working on the literature survey. Start developing theoretical framework/experimental procedures/software design.			
Week 23 27/4/2026 – 1/5/2026		Summarise your background research and literature survey into a draft of Chapter 2.			
Week 24 4/5/2026 – 8/5/2026	Ethics Drop-in Session Dr Sophie Goddard Tuesday 5/5/2026	Finalise framework/procedures/design and discuss with supervisor by end of this week. Arrange a date for a progress meeting with the assessor in Week S3.		Supervisor examines overall system design and specifications of the software and provides feedback. Set the date of the progress meeting in Week S3.	
Weeks 25-28 11/5/2026 – 5/6/2026		Revision and examinations' weeks.			You have formed concrete ideas of the overall system design/ research methodology and have documented this appropriately. ☐
Week 29 8/6/2026 – 12/6/2026		Start working on theoretical study/empirical investigation/ software implementation.			
Week 30 15/6/2026 – 19/6/2026	Academic Writing Dr Denise De Pauw Tuesday 16/06/2026	Continue working on implementation. Meet the supervisor before the end of this week to discuss current implementation.		Supervisor looks at current progress and provides feedback.	
Week S1 22/6/2026 – 26/6/2026	Dissertation Writing Advice Dr Denise De Pauw 23/6/2026	Continue working on implementation. Finalise Chapters 1 and 2.			
Week S2 29/6/2026 – 3/7/2026		Finalise implementation. Start writing Chapter 3 (theoretical. framework/empirical design/system design).			
Week S3 6/7/2026 – 10/7/2026		Prepare Progress Report/Presentation and attend the progress meeting by the end of this week. Finalise Chapter 3.		Explain project progress to date and get immediate feedback from both assessor and supervisor.	
Week S4 13/7/2026 – 17/7/2026		Improve design and/or implementation if required as a result of the progress meeting.			You have made good progress with implementation ☐
Week S5 20/7/2026 – 24/7/2026		Start working on testing/validation. Start writing Chapter 4 (on implementation).			
Week S6 27/7/2026 – 31/7/2026		Continue working on testing/validation. Continue working on Chapter 4.		Supervisor examines sample chapter and provides feedback. Supervisor also provides feedback on testing and validation.	
Week S7 3/8/2026 – 7/8/2026		Finalise Chapter 4. Write Chapters 5 (testing and validation).			You have made good progress with writing the dissertation ☐
Weeks S8-S10 10/8/2026 – 28/8/2026		Write Chapter 6 (conclusions). Finalise whole dissertation and submit it by 31/8/2026
